APPROVAL LETTER

NDA 19-386/S-017

Baxter Pharmaceutical Products Inc.
Attention: Priya Jambhekar
95 Spring Street
New Providence, NJ 07974

Dear Ms. Jambhekar:

Please refer to your supplemental new drug application dated July 28, 2000, received July 31, 2000, submitted under section 505(b) of the Federal Food, Drug, and Cosmetic Act for Brevibloc (esmolol HCl) Injection, 2500 mg/10 mL and 100 mg/10mL.

This "Changes Being Effected in 30 days" supplemental new drug application provides for revised HPLC methods for assay and impurities in the drug substance and drug product.

We have completed the review of this supplemental application, and it is approved. Please note that the proposed specification limit of — for the degradation product, —, is unacceptably high. Please refer to our 'Approvable' letter of December 29, 2000 for NDA 19-386/S-018 and tighten the acceptance criterion for — in the drug product specifications.

In order to facilitate validation of the regulatory methods please submit a complete methods validation package. At the present time, it is the policy of the Center not to withhold approval because the methods are being validated. Nevertheless, we expect your continued cooperation to resolve any problems that may be identified.

We remind you that you must comply with the requirements for an approved NDA set forth under 21 CFR 314.80 and 314.81.

If you have any questions, call Zelda McDonald, Regulatory Health Project Manager, at (301) 594-5333.

Sincerely,

{See appended electronic signature page}
