RUSS, AUGUST & KABAT

1 Both actions involve the same three patents: U.S. Patent No. 6,949,771; U.S.
2 Patent No. 7,256,486; and U.S. Patent No. 7,524,087. These actions will likely call
3 for the determination of the same or substantially related questions of law and fact.
4 For example, these actions will likely call for the resolution of the same or
5 substantially related questions of the construction of certain terms of the asserted
6 claims and validity in light of the same or substantially similar prior art. The
7 related actions will likely also involve similar factual disputes because Plaintiff
8 accuses the same categories of accused products in all cases.
