Appendix B:

Section IV.B pertains to discussion of the following claim limitations:

- Ex. 18, '278 Patent, 24:31–35 [1.E] "recognizing the document as a first target object based at least in part on the image, the symbol information, and a query of a database storing target object information associated with a plurality of target objects including the first target object"; Ex. 1, Schonfeld Rep. ¶ 183.

- Ex. 16, '252 Patent, 19:21–24 [18.E] "providing access to a distal server configured to use a database to identify pertinent information associated with the recognizable symbols based on the symbol information"; Ex. 1, Schonfeld Rep. ¶ 278.

- Ex. 19, '004 Patent, 24:27–29 [1.C] "recognizing the at least one object in the scene as a target object based at least in part on the at least one characteristic of the video stream"; Ex. 1, Schonfeld Rep. ¶ 335.
