Subject: DSS v. Seoul Semiconductor - follow-up regarding prior communications

Counsel,

I write to follow up regarding two previous communications. On July 25th, I sent an email pointing out certain deficiencies in DSS's complaint and asking whether DSS intends to amend its complaint, and also offering to meet and confer on this issue. On July 28th, Charles Sanders sent an email informing you of a conflict with the date currently set for the scheduling conference (September 25th) and inquiring whether you had any conflicts with any of Mondays in the few weeks after September 25th. To our knowledge, we have not yet received a response to either email. Please let us know when we can expect to receive a response to these communications.

Regards,

Anant K. Saraswat
