- 4. This Motion to Keep Court Filings Under Seal should be granted because good cause and compelling reasons exist to seal the documents identified above. This information includes the confidential business and financial information of Finjan and third parties who are unrelated to this action. Finjan has taken measures to apply a high level of protection to the information above because making its private business information public could irreparably damage Finjan. Competitors in the marketplace could use such confidential information to unfairly compete or undercut Finjan and its licensees, and Finjan's future licensees may be unwilling to engage in discussions to enter new licenses because such discussions may not be protected from public disclosure if these documents are not sealed.
- 5. The information above is a narrow subset of the information identified in the twenty-six motions to seal that were the subject of this Court's Order at Dkt. No. 388. Finjan seeks to seal only those page and line numbers necessary to protect the confidential terms, dollar amounts, and pages copied from Finjan's confidential licenses.
- I declare under penalty of perjury under the laws of the United States of America that each of the above statements is true and corrected. Executed on April 11, 2019, in Menlo Park, California.
