Meredith:

I typically offer a time-limited non-disclosure and standstill agreement to facilitate open and candid discussions (a proposed NDA standstill is attached to this email for your consideration).

I trust this approach is consistent with your IP strategy, and I am open to discussing possible next steps with you or any member of your team.

Best regards,

Ivan

Meredith:

As Phil mentioned in his intro, this is to explore a possible collaboration between our companies.. One aspect is the possible licensing of Finjan's patent portfolio by Juniper Networks. In addition, I am interested in exploring other areas of common interest.

Hi Meredith – I hope this email finds you well.. I am not sure if you have ever met Ivan Chaperot (formerly Intel, IV, and Alcatel going way back) but he heads up our licensing partnership program here at Finjan. I will leave it up to Ivan to see if there is a potential for us to work together.

Best,

Phil
