Subject: Finjan/Juniper - Finjan's Motion for Leave to Amend its Complaint

Counsel,

The amended complaint submitted with Finjan's motion for leave filed on April 19, 2018 contains willfulness allegations. In light of Finjan's filing today and its representation to the Court that it is no longer asserting willfulness, please confirm that Finjan intends to withdraw its current motion to amend and file a new motion to amend with a proposed complaint that does not actually assert willfulness.

Best,

Sharon S. Song
