Josh,

Finjan's edits to the CMC statement are attached. Regarding electronic service, we are unable to agree to a blind email alias because of confidentiality issues. Please list the email addresses you would like us to use instead. We will also review the E-discovery order and will provide edits later in the week. Further, Finjan is not filing a motion to amend its complaint related to willfulness, making Juniper's request to witness names and dates moot.

I am available tomorrow afternoon and Wednesday morning for a call if needed.

Sincerely,
Kris

Subject: [EXTERNAL] RE: Finjan v. Juniper - Draft CMC Statement

Austin,

Attached please find a revised draft of the joint CMC statement, along with a PDF redline showing changes from your original draft to our revised version. Some changes were necessary because Judge Alsup does not conduct a separate claim construction hearing, so your two-step approach to narrowing asserted claims, for example, would not work.

Attached please also find our proposed e-discovery order, which largely follows N.D. Cal.'s model e-discovery order for patent cases.

Please let us know if you would like to discuss further.

Best,
Josh
