1 university.

2 "Question: And you studied at the university  
3 between what dates?

4 "Answer: That's a good question. I started  
5 around '85, '86, and did it for about seven years.

6 "Question: So hashing functions were known to  
7 computer programmers while you were in school between '85  
8 and '91?

9 "Answer: Hashing functions were known, yes.

10 "Question: So hashing functions had been  
11 well-known for quite some time?

12 "Answer: Yes.

13 "Question: And what is the purpose of hashing  
14 functions?

15 "Answer: You can use them for many different  
16 reasons. Basically to identify -- uniquely identify a block  
17 of data in an easy way.

18 "Question: So it's been well-known that a  
19 hashing function can be used to uniquely identify a log of  
20 data for years, at least as early as the late 1980s?

21 "Answer: Yes."

22 MR. HOLDREITH: Your Honor, Secure Computing  
23 would call Dan Wallach as an expert witness.

24 DAN WALLACH, having been duly  
25 sworn as a witness, was examined and testified as follows:
