Lionel,

Please see the attached decision dismissing a case in the Southern District of California for lack of personal jurisdiction. The complaint filed by ZTE against the AGIS entities suffers from the same deficiencies, as well as a lack of case or controversy as to the AGIS defendants which do not own the patents. Accordingly, we request that ZTE immediately dismiss its complaint. If it refuses to do so and AGIS is forced to file a motion to dismiss, we will seek fees and costs from ZTE.

Regards,

Peter
