Intel in Texas

Innovating and Investing in Texas

We are uniquely Austin, 100% Intel – and we're committed to creating a better tomorrow for our commu

Innovating in Texas

Located in the capital city of Texas, Intel's Austin is a research and development center for more than 1,700 employees who innovate at the boundaries of technology to make amazing experiences possible for business and society, and for every person on our planet.

The Austin site is focused on supporting innovation in cloud computing, Internet of things, 5G connectivity, memory, and programmable solutions, which are helping to transition Intel from a PC to a datacentric company.

Intel in the Community

Our success depends on the health of our local community. We are committed to creating a better tomorrow for our commu

here – we live here too. We’re raising our families here, volunteering in classrooms and at nonprofits, and serving in community leadership positions.

Sustainable by Design

Intel’s long-standing commitment to environmental sustainability helps us responsibly manage our environmental footprint. From investing in on-site alternative energy, green buildings, and water conservation, to implementing circular waste management practices and partnering with nonprofits on water restoration projects in the community, a focus on the environment is a focus on our future.

Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
