ORDER

The following order is entered in the above matter:

ORDER:

Scheduling Order

A timely scheduling order was not filed in this matter. The following scheduling order is issued by the Court in this case. Failure to comply with these orders may result in sanction, which may include fine, exclusion of evidence at trial, dismissal, default or nonsuit.

All dispositive motions shall be filed, marked ready, and argued on or before at least 120 days before the trial date.

A certificate of closed pleadings shall be filed on or before 6/29/20.

All discovery shall be completed on or before 11/26/20. The court may decline to entertain any issues regarding discovery after the discovery deadline date.

A trial management/settlement conference is scheduled for at least 2 weeks before the trial. All counsel and self-represented parties shall appear at the conference and be prepared to engage in settlement negotiations. All clients (and insurance adjusters as applicable) shall also appear or be available by phone. Any party may request an earlier pretrial through by filing a caseflow request form.

Jury selection or a court trial will commence on 1/13/21.

The date for filing dispositive motions, completing discovery and the date for commencement of trial cannot be modified absent court order. Motions to continue the trial date must be supported by good cause because any rescheduled date may substantially delay the trial. Thus, the parties are required to bring any problems with the scheduling or the completion of discovery to the court's attention promptly through appropriate motion or conference request.

The parties shall make good faith efforts to resolve discovery disputes before filing any motions or objections regarding same. In accordance with P.B. sec. 13-8(b) and sec. 13-10(c), no objections regarding interrogatories or requests for production shall be placed on the short calendar list unless an affidavit is filed certifying that bona fide efforts have been made to resolve the dispute.

The parties are ordered to resolve all discovery disputes through motions or objections available under Chapter 13 of the Practice Book before the date for completion of discovery. Motions in limine, and motions to preclude filed at the time of trial may not be entertained by the court when directed at discovery issues that could have been addressed and resolved through pretrial remedies available under Chapter 13 of the Practice Book.

A motion for continuance (Form JD-CV-21) shall be filed if the parties are seeking to change the trial management conference or jury selection/trial date as set forth in this order.

Parties can ask to participate in a status/scheduling conference by videoconference or telephone by filing a Caseflow Request (Form JD-CV-116).

Upon receiving the appearance of any party after the date of this notice, the Plaintiff must notify the newly-appearing party of the scheduling order.

Judicial Notice (JDNO) was sent regarding this order.
