1 HIGHLY CONFIDENTIAL. ATTORNEY EYES ONLY

2 Q. Okay cup cent I you understand Dr. Snelled
3 areply report reflect, his opinions, just like his
4 first infringement report reflect his opinions, and
5 you believe that your report fully responds to his
6 opinions in?

7 MR. LAURENZI: Objection, form.

8 THE WITNESS: Fully respond, I don't
9 knoll how to answer that question. Other than to
10 say -- um -- ^ it's my understanding that my purpose
11 in this litigation, my role in the litigation is she
12 spond to the allegations presented if the first
13 Smedley report, and appendix. I have done so. My
14 expert report contains my opinion, and the appendices
15 of course there to, and it's also my understanding
16 it's improper for Dr. Smedley to intrins disnew
17 opinions in miss second report. I am not seeing
18 anything right now that I am not understanding
19 anything concrete right now that would cause me to go
20 off and supplement something new, but it's very
21 plausible that something in the future can cause that
22 to happen.

23 Q. Do you have in mind specific sections of
24 Dr. Smedley's reply report that you believe are new as
25 you use that term in your last response?
