JOINT STATUS REPORT

In accordance with the Court’s May 26, 2021 Oral Order (D.I. 338), the parties met and conferred regarding which motions the parties propose should be argued and the order in which they should be argued at the July 29, 2021 hearing subject to the time limits the Court has provided. Because of the large number of pending motions, the parties do not envision arguing all pending

motions, and propose that motions not listed below should be submitted on the papers. Subject to the Court's approval, the parties propose the following schedule for argument:

1. Defendants' Motions for Summary Judgment of non-infringement
2. Arendi's Motion for Summary Judgment against Google (D.I. 281) of no invalidity under 102/103
3. Arendi's Motion for Summary Judgment against Apple (D.I. 289) of no invalidity under 102/103
4. Defendants' Motions to Exclude Roy Weinstein's Opinions and Testimony
5. Arendi's Motion to Exclude the opinions and testimony of Google's Expert Dr. Fox (D.I. 272)
6. Apple's Motion for Summary Judgment of Invalidity Under 35 U.S.C. § 112 (D.I. 286)
7. Arendi's Motion to Exclude Portions of the opinions and testimony of Google's Expert Dr. Rinard (D.I. 269)
8. Apple and Blackberry Motion for Summary Judgment of No Pre-Suit Damages (Apple D.I. 283, Blackberry D.I. 207)
9. Arendi's motion for leave to supplement infringement contentions (LG D.I. 333)

Defendants expect the parties may not be able to argue all of the above-listed motions in the time allotted by the Court, and Defendants are prepared to submit on the papers any motions that are unable to be addressed within that time. Should the Court wish to hear argument on any other pending motions, the parties will be prepared to present argument.

Counsel is available at the Court's convenience in advance of the hearing should the Court have any questions.
