**DEFENDANTS’ MOTION FOR TELECONFERENCE
TO RESOLVE DISCOVERY DISPUTES**

Defendants Samsung Electronics Co., Ltd., Samsung Semiconductor, Inc., Samsung Electronics America, Inc., and Samsung Austin Semiconductor, LLC (“Samsung”) (Case No. 14-cv-01430-LPS-JLH), and Micron Technology, Inc., Micron Semiconductor Products, Inc., and Micron Consumer Products Group, Inc. (“Micron”) (Case No. 14-cv-01431-LPS-JLH)

(collectively, “Defendants”) in the above-referenced matter respectfully move the Court to schedule a discovery conference on Defendants’ requests for discovery from Plaintiff Elm 3DS Innovations, LLC (“Elm”).

The following attorneys participated in telephonic meet and confers on Defendants’ discovery requests on June 24, 25, and 28, 2021:

- Delaware Counsel for Samsung: Adam Poff
- Lead Counsel for Samsung: Allan Soobert, Elizabeth Brann, Soyoung Jung, and Phillip Citroen
- Delaware Counsel for Micron: Tyler Cragg
- Lead Counsel for Micron: John Kappos, Hana Oh
- Delaware Counsel for Elm: Brian Farnan
- Lead Counsel for Elm: Matthew Ford, Nosson Knobloch, Daniel Taylor

Counsel for Defendants and Elm, including the above-identified attorneys, have also exchanged correspondence on Defendants’ discovery requests.

There are five discovery items for which Defendants seek the Court’s assistance:

1. Elm’s refusal to produce its settlement agreement with SK Hynix.
2. Elm’s objection to discovery related to its standing to maintain this litigation, including documents regarding the Glenn Leedy Revocable Trust FBO Conor Leedy and the Glenn Leedy Revocable Trust FBO Genevieve Leedy, which collectively purport to have received and currently own all interests in Elm.
3. Elm’s claim of privilege over certain documents listed in its May 24, 2021 Amended Privilege Log, including documents regarding Elm’s dealings with Ron Epstein and Epicenter IP, LLC.
4. Elm’s allegedly relevance-based redactions to its “Contingent Fee Engagement Agreement” with Epicenter Law, P.C.
5. Elm’s attempt to limit the deposition of Ron Epstein, its sole corporate designee, to no more than two days.

In view of the number and complexity of the items in dispute, Defendants respectfully request a small increase to the page limit for the parties' respective letters to the Court regarding these disputes. The Supplemental Scheduling Order sets forth a default limit of three pages. D.I. 111 at 10–11. Defendants respectfully request that the limit be increased to five pages for their letter and also increased to five pages for Elm's opposition letter.

Counsel for Defendants and Elm have confirmed their availability for a teleconference on these issues on the following dates:

- July 13
- July 15
- July 19
- July 21

DATED: June 30, 2021

Attorneys for Plaintiff

Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
