	)	<b>JURY TRIAL DEMANDED</b>
OMNIVISION TECHNOLOGIES, INC.,	)	
	)	
Defendant.	)	

**~~PROPOSED~~ ORDER**

On August 21, 2018, the Court conducted a teleconference to discuss the scheduling of, the procedures involved, and the types of alternative dispute resolutions available, including mediation. During the teleconference, the parties informed the Court of another patent infringement action pending in the United States District Court for the Northern District of California (C.A. No. 5:17-cv-00778-BLF, the “California action”) where the parties have begun the process of selecting a mediator and mediation date pursuant to that Court’s mandatory ADR procedures. The parties expressed their shared belief that a resolution of that dispute (if one is reached at the upcoming mediation) would also resolve the dispute pending in this Court. To facilitate a global resolution of the parties’ disputes, the Court will hold in abeyance the mediation in this action until further notice.

Beginning on October 21, 2018, and continuing every two months thereafter until the mediation in the California case concludes, the parties shall send a joint status report email to the Court apprising the Court of the progress of the mediation in the California action. The parties shall promptly inform the Court of any significant events in the California mediation, such as its outcome. If the mediation concludes unsuccessfully, the parties shall also provide their proposals

concerning the timing of when they believe mediation would be most beneficial/productive in this case.

SO ORDERED this the 29 day of August, 2018.

Honorable Mary Pat Thyng  
United States Magistrate Judge

5908491/43303
