Yusuf,

Thank you for the revisions. Fresenius Kabi does not have any additional edits. Who's signature may we add to the joint motion?

Noon Wednesday works for our side. We proposed that the parties should also exchange proposed schedules at that time to make the conference afterwards more productive.

Regards,
Joel

Joel,

Here are Hospira's edits to the motion to reassign. Having this motion and the post-claim construction status hearing scheduled for Thursday works for Hospira.

We propose that the parties exchange, by noon on Wednesday, a general identification of the fact discovery each likely intends to seek. We can then confer if needed regarding discovery and scheduling prior to the hearing.

Thanks,
Yusuf

Can you please provide an update on the communication below? If we want to get this noticed for Thursday, then we need to file the motion today.

Best regards,

Sara,

Further to our conversation today, attached is the draft joint motion to reassign the recently filed case (17-cv-7903) from Judge Dickson to Judge Pallmeyer. We understand that Hospira favors consolidating the cases into a single action (16-cv-651).

Also as discussed, we will be filing our Answer and Counterclaims shortly in the newly filed suit. Local Rules prefer that an answer is filed before reassignment is requested. As we discussed, the counterclaims will identify the '712 patent, for which FK sent Hospira a Paragraph IV Notice Letter but has not been asserted.

Please let us know if you have any edits or comments to the motion, and if we have your consent to file.

Relatedly, Judge Pallmeyer is out Tuesday and Wednesday next week, so our plan was to notice the motion for Thursday. Are you available that day? Also, would that date work for holding the status conference regarding post-claim construction discovery and scheduling?

Regards,
Joel
