**ORDER NO. 18: DENYING AS MOOT COMPLAINANTS' AND KYOCERA'S  
REQUEST TO STAY PROCEDURAL SCHEDULE PENDING  
RESOLUTION OF JOINT MOTION TO TERMINATE KYOCERA  
ON THE BASIS OF A SETTLEMENT AGREEMENT**

(May 25, 2023)

On May 22, 2023, Complainants AGIS Software Development LLC and Advanced Ground Information Systems, Inc. (collectively, "AGIS") and Respondent Kyocera Corporation ("Kyocera") jointly moved (1347-007) for termination of the investigation as to Kyocera based on a settlement agreement attached to the motion, to limit service, and to suspend the procedural schedule as to Kyocera pending resolution of the motion.

The portion of AGIS and Kyocera's joint motion seeking a stay of the procedural schedule is denied as moot. Under Ground Rule 5.5, "[u]pon the filing of an unopposed motion to terminate the investigation under Commission Rule 210.21, all deadlines are automatically stayed as to the party or parties seeking termination from the investigation until otherwise ordered by the Administrative Law Judge or the Commission. No separate motion to stay is necessary." Order No. 12. This Ground Rule is intended to conserve the parties' and Commission's resources in resolving routine, unopposed motions to stay a procedural schedule while a joint or unopposed motion to terminate is pending.

**SO ORDERED.**
