See your data in the Fitbit app

Sync Versa Lite Edition to transfer your data to the Fitbit app, where you can view your activity and sleep data, log food and water, participate in challenges, and much more. For best results, keep all-day sync turned on, so that Versa Lite Edition syncs periodically with the app.

If you turn off all-day sync, we recommend syncing at least once a day. Each time you open the Fitbit app, Versa Lite Edition syncs automatically when it's nearby. You can also use the **Sync Now** option in the app at any time.

WHAT IS SYNCING?

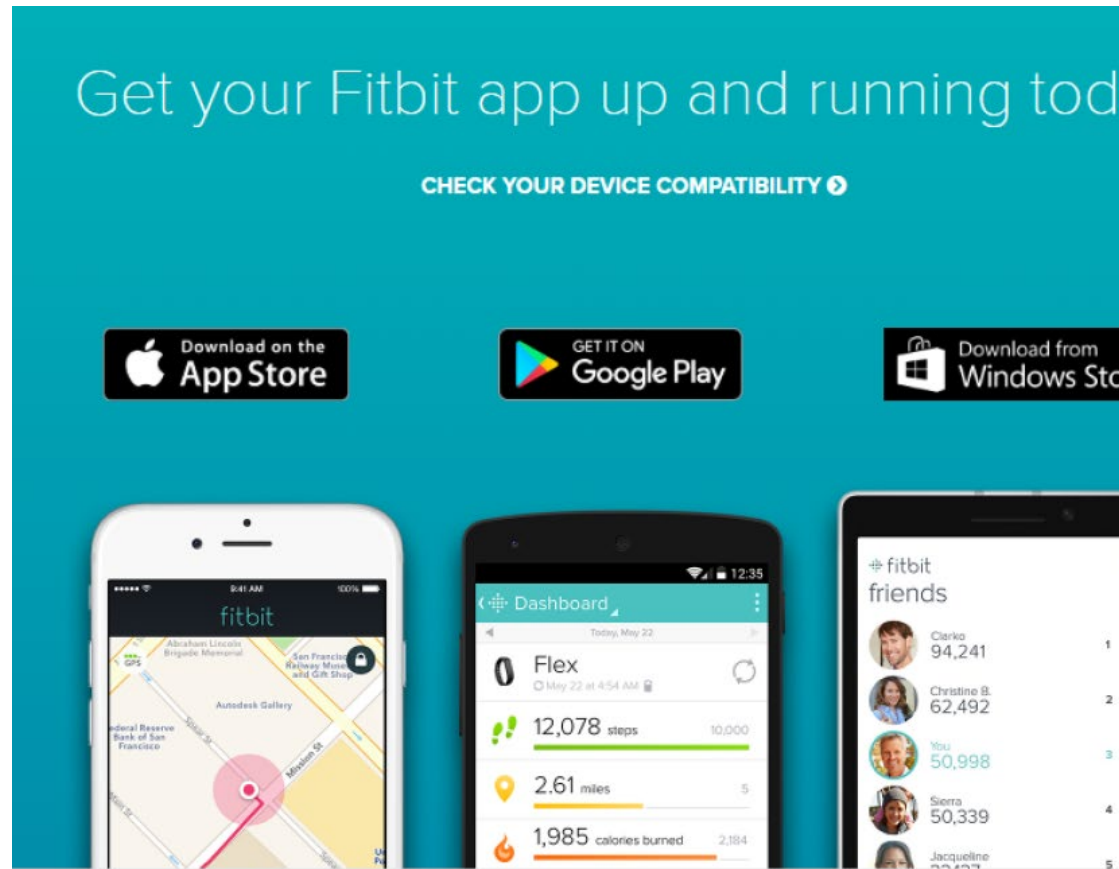

Syncing is the process that transfers the data your device collects to your Fitbit dashboard, where you can track your progress, see how you slept, set goals, log food and water, and much more. The instructions in [How do I set up my Fitbit device?](#) explain how to make your device sync to your Fitbit dashboard.
