## PLAINTIFF NEO WIRELESS, LLC'S FIRST AMENDED <u>COMPLAINT FOR PATENT INFRINGEMENT</u>

Plaintiff Neo Wireless, LLC ("Neo Wireless," "Neo," or "Plaintiff"), brings this action for patent infringement under 35 U.S.C. § 271 against Defendants American Honda Motor Co., Inc. ("HMC") and Honda Development & Manufacturing of America, LLC ("HDMA") (collectively, "Honda," "Honda Defendants," or "Defendants"). Neo files this amended complaint to add additional

defendants, and to address the arguments made in Honda's Motion to Dismiss (Dkt. 21). To be clear, Neo strongly disagrees with the arguments in Honda's motion, which mischaracterize Neo's original complaint, ignore the clear sufficiency of Neo's complaint under the appropriate pleading standards, and improperly rely on matter outside the pleadings. Neo's original complaint, which contained over 300 pages of detailed allegations and claims charts, drastically *exceeded* the specificity required to plausibly allege Honda's infringement of the Asserted Patents. Nevertheless, to reduce the burden on the Court, Neo has filed this Amendment within its time to do so as a matter of course, in order to moot Honda's motion and leave no doubt that Neo has stated a claim for which relief can be granted.

Plaintiff alleges, based upon its own personal knowledge with respect to its own actions and based upon information and belief with respect to all others' actions, as follows:
