WAIVER OF PROBABLE CAUSE HEARING BEFORE A JUDGE

I understand that I have a right to a prompt determination by a judge whether there was probable cause for my arrest. This means that a judge would review the facts the police officer relied upon to arrest me and decide whether there were sufficient grounds.

I understand that this determination by a judge must generally be made within forty-eight (48) hours of my arrest.

I understand that if the judge determines that there were not sufficient grounds to arrest me, I would be released from custody on this arrest.

Understanding my right to this determination, I have decided I want to waive it.

I understand I do not, at this time, waive any of my other rights including my right to an attorney and my right to be arraigned before a judge on the charge or charges for which I was arrested.
