Introduction

This section outlines the contents and structure of this guide. It describes the functions of the SAP-CAD interface and which areas it can be used in.

This Guide is Intended for

Use of the SAP-CAD Dialog Interface

This Guide is Intended for

This guide is mainly intended for engineers, designers and technicians who work with a CAD system and process data from a connected SAP System (R/2 or R/3) using the SAP-CAD dialog interface. It describes the range of functions which can be carried out using the interface and the essential requirements for use.

For information on how to configure the SAP-CAD interface and the connection program between the CAD system and the interface, see the *SAP-CAD Dialog Interface*.
