TOOM ANDENDED

## FIRST AMENDED COMPLAINT FOR PATENT INFRINGEMENT

Plaintiff Ameranth, Inc. ("Ameranth"), for its First Amended Complaint against defendant Kayak Software Corporation ("KAYAK"), avers as follows:

## **PARTIES**

1. Plaintiff Ameranth is a Delaware corporation having a principal place of business at 5820 Oberlin Drive, Suite 202, San Diego, California 92121. Ameranth develops, manufactures and sells, *inter alia*, hospitality industry, entertainment, restaurant and food service information technology solutions under the trademarks 21<sup>st</sup> Century Communications<sup>™</sup>, and 21st Century Restaurant<sup>™</sup>, among others, comprising the synchronization and integration of hospitality information and hospitality software applications between fixed, wireless and/or internet applications, including but not limited to computer servers, web servers, databases, affinity/social networking systems, desktop computers, laptops, "smart" phones and other wireless handheld computing devices.

2. Defendant KAYAK is, on information and belief, a Delaware corporation having a principal place of business and headquarters in Norwalk, Connecticut. On information and belief, KAYAK makes, uses, offers for sale or license and/or sells or licenses hotel and lodging, property management system (PMS) and other hospitality information-technology products, software, components and/or systems within this Judicial District, including the KAYAK Reservation System as defined herein.

## JURISDICTION AND VENUE

3. This is an action for patent infringement arising under the Patent Laws of the United States, 35 U.S.C. §§ 271, 281-285.

4. This Court has subject matter jurisdiction pursuant to 28 U.S.C. §§ 1331
and 1338(a).

5. On information and belief, Defendant engages in (a) the offer for sale or license and sale or license of hospitality, reservations, restaurant, food service, ordering, products and/or components in the United States, including this Judicial District, including services, products, software, and components, comprising wireless and internet POS and/or hospitality aspects; (b) the installation and maintenance of said services, products, software, components and/or systems in hospitality industry, hotel and lodging, restaurant, food service, and/or entertainment information technology systems in the United States, including this Judicial District; and/or (c) the use of hospitality industry, hotel and lodging, restaurant, food service, and/or systems comprising said services, products, software, components and/or systems in the United States, including this Judicial District, ind/or entertainment information technology systems in the United States, including this Judicial District, ind/or entertainment information technology systems in the United States, including this Judicial District, ind/or entertainment information technology systems in the United States, including this Judicial District.

This Court has personal jurisdiction over Defendant because Defendant 6. commits acts of patent infringement in this Judicial District including, inter alia, making, using, offering for sale or license, and/or selling or licensing infringing services, products, software, components and/or systems in this Judicial District. Additionally, Defendant has already appeared in this action and submitted to the jurisdiction of the Court. KAYAK has continued to engage in and perform such acts of infringement since the filing and service of the original complaint in this matter accusing KAYAK of infringement of the Ameranth patents at issue herein.

7. Venue is proper in this Judicial District pursuant to 28 U.S.C. §§ 1391(b) and (c) and 1400(b).

## **BACKGROUND**

8. Ameranth was established in 1996 to develop and provide its  $21^{st}$ Century Communications<sup>TM</sup> innovative information technology solutions for the hospitality industry (inclusive of, <u>e.g.</u>, restaurants, hotels, casinos, nightclubs, cruise ships and other entertainment and sports venues). Ameranth has been

widely recognized as a technology leader in the provision of wireless and internet-based systems and services to, *inter alia*, restaurants, hotels, casinos, cruise ships and entertainment and sports venues. Ameranth's award winning inventions enable, in relevant part, generation and synchronization of menus, including but not limited to restaurant menus, event tickets, reservations and other products across fixed, wireless and/or internet platforms as well as synchronization of hospitality information and hospitality software applications across fixed, wireless and internet platforms, including but not limited to, computer servers, web servers, databases, affinity/social networking systems, desktop computers, laptops, "smart" phones and other wireless handheld computing devices.

12 9. Ameranth began development of the inventions leading to the patents in 13 this patent family in the late Summer of 1998, at a time when the then-available 14 wireless and internet hospitality offerings were extremely limited in functionality, 15 were not synchronized and did not provide an integrated system-wide solution to 16 the pervasive ordering, reservations, affinity program and information 17 management needs of the hospitality industry. Ameranth uniquely recognized the 18 actual problems that needed to be resolved in order to meet those needs, and 19 thereafter conceived and developed its breakthrough inventions and products to 20provide systemic and comprehensive solutions directed to optimally meeting 21 these industry needs. Ameranth has expended considerable effort and resources 22 in inventing, developing and marketing its inventions and protecting its rights 23 therein.

10. Ameranth's pioneering inventions have been widely adopted and are
thus now essential to the modern wireless hospitality enterprise of the 21st
Century. Ameranth's solutions have been adopted, licensed and/or deployed by
numerous entities across the hospitality industry.

11. The adoption of Ameranth's technology by industry leaders and the wide acclaim received by Ameranth for its technological innovations are just some of the many confirmations of the breakthrough aspects of Ameranth's inventions. Ameranth has received twelve different technology awards (three with "end partners) and has been widely recognized as a hospitality customer" wireless/internet technology leader by almost all major national and hospitality 6 print publications, e.g., The Wall Street Journal, New York Times, USA Today and many others. Ameranth was personally nominated by Bill Gates, the Founder of Microsoft, for the prestigious Computerworld Honors Award that Ameranth received in 2001 for its breakthrough synchronized reservations/ticketing system with the Improv Comedy Theatres. In his nomination, Mr. Gates described Ameranth as "one of the leading pioneers of information technology for the betterment of mankind." This prestigious award was based on Ameranth's innovative synchronization of wireless/web/fixed hospitality software technology. Subsequently, the United States Patent and Trademark Office granted Ameranth a number of currently-issued patents, some of which are the basis for this lawsuit. Ameranth has issued press releases announcing these patent grants on business wires, on its web sites and at numerous trade shows since the first of the presently-asserted patents issued in 2002. A number of companies have licensed patents and technology from Ameranth, recognizing and confirming the value of Ameranth's innovations. At all relevant times, Ameranth marked its own products with the numbers of the Ameranth patents then issued, thereby providing companies, competitors and participants in the hospitality industry with notice of Ameranth's patents. Furthermore, companies that license Ameranth's products have marked their products with Ameranth's patent numbers, thereby also providing notice of Ameranth's patents.

# Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

## **Real-Time Litigation Alerts**

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

## **Advanced Docket Research**

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

## **Analytics At Your Fingertips**

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

## API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

#### LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

#### FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

## E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
