**CORRECTION TO SPECIAL MASTER'S
REPORT AND RECOMMENDATION RE: CLAIM CONSTRUCTION**

The parties have brought to the attention of the Special Master that a typographical error is present in the recommended construction for the term “microcontroller core” in the Special Master’s Report and Recommendation Re: Claim Construction. Dkt. 691 at 107. In the construction of the term “microcontroller core,” the word “with” should be replaced with “within.”

The corrected recommended construction for “microcontroller core” is “a processor unit contained within a microcontroller.”

Respectfully submitted,

/s/ Richard D. Egan
