CONSENT JUDGMENT

As a result of settlement of this action by virtue of a confidential settlement agreement between the parties dated July 28, 2005 which shall become effective upon entry of this Consent Judgment and upon consent of Plaintiff, Trading Technologies International, Inc. ("TT") and Defendants, RTS Realtime Systems Inc., RTS Realtime Systems AG, (collectively "RTS"), judgment is hereby entered against RTS upon TT's Complaint, and it is hereby ORDERED, ADJUDGED, and DECREED that:

1.

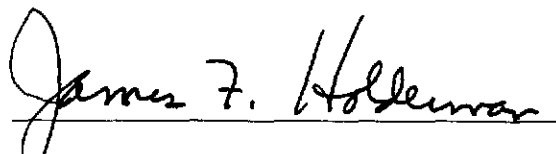

2. 1. TT commenced this action for patent infringement against RTS on July 28, 2005. This action alleges that RTS infringes U.S. Patent Nos. 6,766,304 (“’304 patent”) and 6,772,132 (“’132 patent”). RTS has received and reviewed a copy of the Complaint filed by TT in this action.
3. 2. This Court has jurisdiction over the parties to this action and over the subject matter of the Complaint.
4. 3. TT is the sole and exclusive owner of the ’304 patent and the ’132 patent, and has the right to sue upon, and recover damages for past infringement and enjoin future infringement of the ’304 and ’132 patents.
5. 4. All claims of the ’304 and ’132 patents are valid and enforceable.
6. 5. While not willful or intentional, RTS has infringed the ’304 and ’132 patents under 35 U.S.C. Section 271 by making, using, selling, offering for sale, importing, and/or otherwise distributing, albeit not widely, electronic trading software called RTD Static Dartboard, screenshots and documentation of which are included in Exhibit 1.
7. 6. Defendant RTS, its officers, directors, partners, members, affiliates, subsidiaries, assigns, and successors-in-interest are hereby permanently enjoined (unless expressly permitted by TT) during the terms of the ’304 and ’132 patents from infringing the ’304 and ’132 patents, including, without limitation, by the making, using, selling, offering for sale, importing, facilitating connectivity for and otherwise distributing in the United States the electronic trading software

products referred to in paragraph 5 above (and substantially similar products) including, without limitation, for use in electronically trading any item (e.g., futures, options, equities, fixed-income products, etc.).

8. 7. TT waives its rights to damages from RTS arising from the manufacture, use, sale or offers to sell, importation and/or other distribution of the electronic trading software products referred to in paragraph 5 above prior to entry of this Judgment.
9. 8. This Court shall retain jurisdiction over this case for purposes of enforcing the Consent Judgment and the confidential Settlement Agreement between the parties pursuant to which the Consent Judgment is filed.
9. The right to enforce this Consent Judgment shall transfer to any successor-in-interest to TT.
10. Each party shall bear its own costs and attorneys' fees.

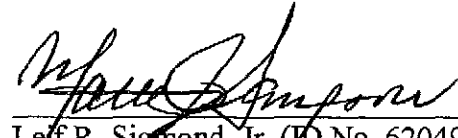

SO ORDERED

Dated: 8/4/05

  
United States District Court Judge

# Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

## Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

## Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

## Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

## API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

## LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

## FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

## E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
