BEFORE THE PATENT TRIAL AND APPEAL BOARD

SAMSUNG ELECTRONICS AMERICA, INC. and
SAMSUNG ELECTRONICS CO., LTD.,
Petitioner,

v.

SMARTFLASH LLC,
Patent Owner.

Case CBM2014-00190
Patent 7,334,720 B2

PATENT OWNER'S LIST OF PROPOSED MOTIONS

The Patent Trial and Appeal Board ("Board") has scheduled an initial conference call for Tuesday, May 5, 2015 at 2 PM. Pursuant to the Office Patent Trial Practice Guide, 77 Fed. Reg. 48756, 48765-66 (Aug. 14, 2012), Patent Owner submits the following list of proposed motions it is currently considering filing. This list is provided without prejudice to Patent Owner's right to seek authorization to file additional motions or to decide not to file the motions listed.

I. Motion for Routine Discovery

Patent Owner proposes to file a motion for routine discovery under 37 CFR 42.51(b)(1)(iii) to obtain documents from Petitioner related to any allegations by Petitioner (1) that any of Petitioner's products do not infringe any of the challenged claims and (2) that acceptable non-infringing alternatives exist to the challenged claims, including at least any expert report filed by Petitioner or on behalf of Petitioner in the on-going litigation with Patent Owner in Case No. 6:13-cv-448, *Smartflash LLC and SmartFlash Tehnologies Limited v. Samsung Electronics Co., Ltd., Samsung Electronics America, Inc., Samsung Telecommunications America, LLC, HTC Corporation, HTC America, Inc., Exedea, Inc., and Game Circus LLC*. Any such documents would be inconsistent with Petitioner's arguments that the challenged claims result in preemption as asserted by the Petition and should have been served with the Petition.

II. Motion for Stay of the Proceedings

Patent Owner presently proposes to file a Motion to Stay the proceedings in light of the District Court's ruling in favor of Patent Owner on patentability under 35 U.S.C. 101 in response to Petitioner's Motion for Summary Judgment in Case No. 6:13-cv-448, *Smartflash LLC and SmartFlash Tehnologies Limited v. Samsung Electronics Co., Ltd., Samsung Electronics America, Inc., Samsung Telecommunications America, LLC, HTC Corporation, HTC America, Inc., Exedeia, Inc., and Game Circus LLC*.

In addition, Patent Owner notes that Petitioner has recently filed requests for rehearing in CBM2014-00200 and -00204. Should Patent Owner not file a Motion to Stay the proceedings in light of the District Court's ruling in favor of Patent Owner on patentability under 35 U.S.C. 101, Patent Owner proposes to file a Motion to extend the due dates of the present proceedings by a time sufficient to allow the Board to rule on the requests for rehearing and coordinate the schedules of the present proceeding and CBM2014-00200 and -00204, should they be instituted, in order to allow for a single deposition of Petitioner's declarant, Dr. Bloom.

III. Additional Topics for Discussion at Initial Conference Call

A. Coordination of Other Proceedings

Patent Owner notes that the scheduled oral argument dates of (a) CBM2014-00190, -00192, -00193, -00194 and -00199 and (b) CBM2015-00015 through -00018 are currently set as October 29, 2015 and November 9, 2015, respectively. The proceedings for CBM2015-00015 through -00018 were instituted less than a month ago, and Patent Owner may seek in those proceedings to have the schedule of the present proceeding coordinated therewith.

B. Coordination of Deposition Transcripts

Petitioner has filed a declaration in this proceeding and in multiple other proceedings by the same declarant, Dr. Bloom. Patent Owner seeks the Board's permission (as it did in earlier CBM proceedings on patents in the same patent family) to allow a single deposition to be taken of the declarant (and future

Case CBM2014-00190
Patent 7,334,720 B2

declarants) such that a single deposition transcript can be used in all proceedings
(albeit filed separately in each proceeding).

Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
