08/22/2012	<u>328</u>	MINUTE entry before Honorable Sidney I. Schenkier: Motion hearings held. Plaintiff's motion for leave to file under seal <u>315</u> is granted. Plaintiff's combined motion to 1) compel defendants to supplement their interrogatory answers and produce all relevant documents and things, and 2) motion to clarify the Court's June 11, 2012 order <u>312</u> is granted in part and denied in part. For the reasons stated on the record, the portion of the motion to clarify the Court's June 11, 2012 order is moot in light of the district judge's ruling denying that portion of the motion <u>305</u> . The motion to compel supplemental production of documents and interrogatory responses is denied without prejudice as moot based on the developments that have taken place. By agreement, defendant shall supplement its document responses by 8/29/12 and its interrogatory answers by 9/05/12. The motion is granted as to the request that defendant amend its Rule 33(d) responses to Interrogatory #'s 1, 3-6, 9, 12-14 either by specifying the documents that provide the requested information or by providing a narrative response; the amendments shall be served by 9/05/12. The defendant's motion for a protective order to limit TT to 25 total interrogatories <u>319</u> is granted in part and denied in part. The motion is granted in that we will enforce the presumptive limit of 25 interrogatories for each side. Defendant will answer Interrogatory #'s 15 and 16 at a mutually convenient date agreed upon by the parties. For the reasons stated on the record, the motion for protective order as to Interrogatory #17 is granted; defendant need not answer that interrogatory as it is currently written. Plaintiff is given leave to serve no more than five single interrogatories on the subject matter of Interrogatory #17, seeking specific information to facilitate 30(b)(6) depositions on this topic. Plaintiff is to serve those revised interrogatories by 8/24/12. Defendant's answer to interrogatories are due by 9/7/12. 11/20/2012	<u>367</u>	MINUTE entry before Honorable Sidney I. Schenkier: Motion hearing held. For the reasons stated on the record, in open Court, defendant's motion for a protective order to limit the scope of TT's amended interrogatories 17-21 <u>353</u> is granted in part. By agreement, defendant's answers to Interrogatories Nos. 17-21 do not need to include information about versions of the software that were internal (that is, versions that were not commercially released, provided to customers for testing, or shown to customers in demonstrations). Defendant's answers also need not include the requested information concerning versions that are "unclassified," provided that defendant shall amend its answers to the interrogatories to state on oath that after diligent inquiry the defendant in good faith has determined that it is likely that those versions were internal. With respect to external releases and versions, defendant shall supplement the interrogatory responses to provide narrative statements setting forth the requested information. We deny defendant's request to limit its responses to the "most widely distributed general version" within a release; however, as more fully explained on the record, this shall not preclude defendant from stating in the information provided in an interrogatory response for one particular version within a release is the same for other specific versions within that release. By 11/26/12, plaintiff shall inform defendant of a limited number of releases and versions that plaintiff deems of high priority, and defendant shall provide the information for those releases and versions (to the extent possible) by 12/05/12. By 1/04/13, defendant shall complete the supplementation of Interrogatories Nos. 17-21. No extensions of that deadline will be granted. Plaintiff's motion for leave to file under seal <u>364</u> is further granted. The Clerk of the Court is hereby ordered to place docket entry nos. <u>359</u> and <u>361</u> under seal. Mailed notice. 05/16/2013	<u>424</u>	MINUTE entry before Honorable Sharon Johnson Coleman: Motion hearing held on 5/16/2013 on plaintiff Trading Technologies International, Inc.'s Motion to Compel <u>411</u> . TT is requesting that CQG be ordered to prepare Maxim Katin, one of its 30(b)(6) witnesses, to identify the specific lines of source code that control repositioning and recentering events, the operation of the Market Window, and price selection in the 10 product versions specified by TT. CQG filed a response to the motion, stating its objections. This Court has reviewed the parties' briefs and exhibits, reviewed the court record, and considered the arguments made in court. Although the Notice of Deposition from June 26, 2012, requested a Rule 30(b)(6) witness to identify the source code relating to certain functionality, it did not specify the manner in which that information was to be identified. CQG has provided TT with the source code as well as identified the filenames associated with the various functionalities described in the Notice of Deposition. Nothing in the Federal Rules of Civil Procedure requires a corporate witness to prepare in the manner which TT seeks and the burden of proof remains with the plaintiff to investigate and prove its claims. TT has the code, the roadmap, the filenames and the expertise to conduct its investigation, that CQG also has these things does not shift the burden to investigate to the defendant. The motion is denied. Mailed notice (meg,) (Entered: 05/16/2013)

09/10/2013	<u>469</u>	MINUTE entry before Honorable Sharon Johnson Coleman: Motion hearing held on 9/10/2013. Defendant-counterclaimant CQG, Inc., et al's motion for leave to file under seal CQG's combined motion to strike Trading Technologies' Final Infringement Contentions and compel TT to serve new infringement contentions <u>462</u> is granted. CQG's combined motion to strike Trading Technologies' Final Infringement Contentions and compel TT to serve new infringement contentions <u>459</u> is denied. As plaintiff, TT also bears the risk of failing to prove its case if its Final Infringement Contentions are deficient. The Court will allow CQG until 9/30/2013 to tender its Final Non-Infringement Contentions. 11/21/2013	<u>572</u>	ORDER: Presently before the Court is plaintiff's motion to compel production of transaction data and logs of customer usage and an associated deposition regarding usage logs (doc. # <u>479</u>). For the reasons stated below, the motion is denied in part and granted in part, as follows: (1) the motion is denied insofar as it

		<p>seeks production of the Gateway database in its entirety, but granted insofar as it seeks production of information from that database of the asset class of each transaction; (2) the motion to require that defendants produce any additional information about customer selection of price prior to entering an order is granted, and if there is no information that is kept other than what is maintained in the Customer Experience Logs, then defendants shall provide a declaration that so states; and (3) plaintiff's request for a Rule 30(b)(6) deposition is granted, limited to testimony about the logging and retention of customer selection of price. Defendants shall produce the documents required by this order by no later than 12/20/13. The Rule 30(b)(6) deposition required by this order shall be limited to three hours, and shall take place by video conference at a time mutually convenient to the parties but no later than 01/31/14. Defendants' requests in their opposition and sur-reply memoranda for an award of fees and costs are denied. Signed by the Honorable Sidney I. Schenkier on 11/21/2013. (For further details see order below). Mailed notice.(jj,) (Entered: 11/21/2013)</p>
11/21/2013	<u>573</u>	<p>MINUTE entry before the Honorable Sidney I. Schenkier: Plaintiff has filed a motion for reconsideration of this Court's 11/04/13 order denying plaintiff leave to depose Joseph Koehnen after the close of discovery <u>568</u> , and a motion to file Exhibits B and C to the motion under seal <u>569</u> . The motion to file under seal <u>569</u> is granted. The motion for reconsideration <u>568</u> is denied. Plaintiff correctly notes that motions for reconsideration serve a limited function, but claims that its motion is appropriate because the Court misapprehended the true opportunity that plaintiff had to depose Mr. Koehnen during discovery. We disagree. While plaintiff repeatedly states that if did not appreciate the importance of Mr. Koehnen until the end of discovery, in our earlier ruling we found that "the information submitted by defendant shows that plaintiff was (or should have been) well aware that Mr. Koehnen might possess that information [about how defendants' products were used] long before Mr. Mather's deposition in September 2013" (doc. # <u>550</u> : Order at 3). Plaintiff offers nothing to show that this finding was erroneous. Rather, plaintiff argues that even if it had appreciated the importance of Mr. Koehnen earlier, plaintiff would have been powerless to notice Mr. Koehnen's deposition because the February 2013 order extending discovery by agreement of the parties limited plaintiff to certain enumerated depositions (Mot. at 4). However, the agreement that the district judge approved in February 2013 gave plaintiff the right to take not only the depositions of certain identified individuals, but also three additional depositions (doc. # <u>401</u> : Joint Motion to Amend the Case Management Schedule at 4, para. 1(h)). One of those depositions, which went unused, could have been allotted for Mr. Koehnen. We therefore see no good reason to change our ruling, and accordingly, deny the motion for reconsideration. Mailed notice. (jj,) (Entered: 11/21/2013)</p>

		<i>Statement in Response to the Court's November 19, 2013 Order</i> (Jones, Johnnet) (Entered: 12/06/2013)
12/09/2013	<u>576</u>	MINUTE entry before the Honorable Sidney I. Schenkier: On 11/19/13, the Court granted an oral motion by TTI to submit in camera documents it wishes the court to review in connection with a motion to compel <u>480</u> . The Court ordered the meet and confer about the documents to be submitted, and then to submit any documents by 12/06/13 <u>567</u> . TTI submitted six documents for in camera review on that date. For their part, on that date defendants filed a motion to reconsider our decision to accept documents for in camera review, a motion which defendants chose to label as "CQO's Statement in Response to the Court's November 19, 2013 Order" <u>575</u> . Defendants offer two arguments in support of their motion. First, they argue that the submission of the documents is untimely, as it comes after the motion to compel has been fully briefed. It is ironic that defendants make a timeliness argument in a motion to reconsider that itself is untimely, as it comes more than two weeks after the Court's ruling. Second, defendants argue that they would suffer prejudice from the submission of the documents for review as they did not have a chance to address them during the briefing on the motion. Curiously, defendants do not ask, in the alternative, that they be allowed to address the documents that are submitted -- which, of course, would alleviate any claimed prejudice. We therefore deny defendants' motion. However, we will permit them to file a supplemental memorandum, not to exceed three pages, limited to addressing the six documents that have been submitted for in camera review. That supplemental memorandum shall be filed by 12/16/13. Mailed notice. (jj,) (Entered: 12/09/2013)
