P R O C E E D I N G S

(9:00 a.m.)

JUDGE PETRAVICK: Good morning. Please be seated. We are here today for CBM2015-00080, CBM2015-00082. CBM2015-00096 and 97 have been joined with those two proceedings. And we also have CBM2015-00091 and 2015-00099 and CBM2016-00006 and 2016-00007 have been joined with those proceedings.

So we're going to have 90 minutes of argument on both sides. Also, on the Panel today we have Judge Rice, who is sitting to my right, and we have Judge White joining us from Dallas today. So it is important that you stay behind the podium and speak into the microphone in order for Judge White to be able to see you.

Also, Judge White cannot see the screen over there. And so when you refer to a slide you need to refer to the slide number.

Before we start the proceedings today, I would like to remind everybody that the oral argument is not a chance to bring up new argument or new evidence, and any new arguments or new evidence that are brought up during the proceeding will not be considered.

So I would like to note who is here from Petitioner?

Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
