**DECLARATION OF MEGAN F. RAYMOND IN SUPPORT OF  
PETITION FOR COVERED BUSINESS METHOD PATENT REVIEW OF  
UNITED STATES PATENT NO. 8,118,221  
PURSUANT TO 35 U.S.C. § 321, 37 C.F.R. § 42.304**

I, Megan F. Raymond, make the following Declaration pursuant to 28 U.S.C. §  
1746:

1. I am an attorney at the law firm of Ropes & Gray LLP.
2. I provide this Declaration in connection with the above-identified Covered Business Method Patent Review proceeding that is being requested at the United States Patent and Trademark Office by Apple Inc. under 35 U.S.C. § 321, 37 C.F.R. § 42.304. Unless otherwise stated, the facts stated in this Declaration are based on my personal knowledge.

3. Exhibit 1010 hereto is a true and correct copy of United States Patent No. 5,940,805 to Dieter Kopp, which was downloaded on October 26, 2014 from the United States Patent and Trademark Office (“USPTO”) Patent Application Information Retrieval (“PAIR”) website at my request and which is a record of the USPTO to which all parties have access. An exhibit label on the first page and page numbers on all pages have been added to the bottom of this document but no other alterations have been made.

4. Exhibit 1019 hereto is a true and correct copy of International Publication No. WO 95/34857, filed on June 14, 1995 by Smith, James P. and Smith, Edward A., and published on December 21, 1995, which was downloaded at my request on October 26, 2014 from the European Patent Office’s Espacenet search page to which all parties have access. An exhibit label on the first page and page numbers on all pages have been added to the bottom of this document but no other alterations have been made.

5. Exhibit 1020 hereto is a true and correct copy of an article by Eberhard von Faber, Robert Hammelrath, and Franz-Peter Heider, entitled “The Secure Distribution of Digital Contents,” from the 13<sup>th</sup> Annual Computer Security Applications Conference held on December 8-12, 1997, published by The Institute of Electrical and Electronics Engineers, Inc., which was retrieved from the Linda Hall Library of Science, Engineering and Technology, Document Services at my request.

Page numbers and an exhibit label have been added to the bottom of this document but no other alterations have been made.

6. Exhibit 1030 hereto is a true and correct copy of the Claim Construction Opinion (“Claim Construction Opinion”) from *Smartflash LLC, et al. v. Apple Inc., et al.*, Civil Action No. 6:13-cv-447, before the District Court of the Eastern District of Texas, which was downloaded on October 29, 2014 from the Public Access to Court Electronic Records (“PACER”) website at my request and is a record of the aforementioned District Court (Dkt. No. 229) to which all parties have access. The Claim Construction Opinion contains markings at the top of each page indicating the PACER filing information. An exhibit label on the first page and pages numbers on all pages have been added to the bottom of this document but no other alterations have been made.

7. Exhibit 1031 hereto is a true and correct copy of United States Patent No. 4,337,483 to Louis C. Guillou, which was downloaded on October 29, 2014 from the USPTO PAIR website at my request and which is a record of the USPTO to which all parties have access. An exhibit label on the first page and pages numbers on all pages have been added to the bottom of this document but no other alterations have been made.

8. Exhibit 1032 hereto is a true and correct copy of United States Patent No. 7,725,375 to Ian Kenneth Shepherd, which was downloaded on October 29, 2014 from the USPTO PAIR website at my request and which is a record of the USPTO to

which all parties have access. An exhibit label on the first page and pages numbers on all pages have been added to the bottom of this document but no other alterations have been made.

9. Exhibit 1033 hereto is a true and correct copy of United States Patent No. 5,925,127 to Arshad Ahmad, which was downloaded on October 27, 2014 from the USPTO PAIR website at my request and which is a record of the USPTO to which all parties have access. An exhibit label on the first page and pages numbers on all pages have been added to the bottom of this document but no other alterations have been made.

10. Exhibit 1034 hereto is a true and correct copy of the Japanese Patent Application Publication No. H10-269289 filed on March 26, 1997 by Sony Corporation, and published on October 9, 1998, which was downloaded on March 11, 2014 at my request from the European Patent Office's Espacenet search page to which all parties have access, and which is accompanied by a true and correct copy of a translation of the text of that document and a declaration of accuracy regarding that translation provided by MultiLing Corporation. An exhibit label on the first page and pages numbers on all pages have been added to the bottom of this document but no other alterations have been made.

11. Exhibit 1036 hereto is a true and correct copy of two emails in an email string dated August 26, 2014, titled "RE: Smartflash: Meet and Confer Regarding Further Claim/Prior Art Limits", which I received from H. Hamad on August 26,

2014. An exhibit label on the first page and pages numbers on all pages have been added to the bottom of this document but no other alterations have been made.

12. Exhibit 1039 hereto is a true and correct copy of United States Patent No. 5,646,992 to Ronald J. Subler, which was downloaded on November 16, 2014 from the USPTO PAIR website at my request and which is a record of the USPTO to which all parties have access. An exhibit label on the first page and pages numbers on all pages have been added to the bottom of this document but no other alterations have been made.

13. I have been informed that willfully false statements are punishable by fine or imprisonment, or both. I make this declaration of my own personal knowledge, and all statements are true. If called to testify as to the truth of the matters stated herein, I could and would testify competently.

14. I declare under penalty of perjury that the foregoing is true and correct.

Executed this 7th day of May, 2015, at Washington, D.C.

  
Megan F. Raymond
