A L S O P R E S E N T :

Steven Borsand, Esquire

Trading Technologies

- - -

1 JUDGE PETRAVICK: Good
2 morning. This is Judge Petravick and
3 with me on the phone is Judge Plenzler.
4 This is a conference call for CBM
5 2015-00179.

6 On the line for Petitioner?

7 MR. SOKOHL: Yes, Your Honor.
8 This is Robert Sokohl. With me I have
9 Jon Strang and Richard Bemben.

10 JUDGE PETRAVICK: And for
11 Patent Owner?

12 MR. BORSAND: Your Honor,
13 this is Steve Borsand for Trading
14 Technologies, but we're waiting on --

15 MS. ARNER: We're here.
16 Erica Arner, A-R-N-E-R, from Finnegan
17 and also Rachel Emsley, E-M-S-L-E-Y.

18 COURT REPORTER: Linda Rossi,
19 Court Reporter.

20 JUDGE PETRAVICK: Petitioner,
21 you sent in a request for a conference
22 call regarding an extension of time to

1 serve supplemental evidence. We will
2 hear from you first.

3 MR. SOKOHL: Thank you, Your
4 Honor. TT, Trading Technologies filed
5 an objection to Exhibit 1007 as hearsay
6 which we dispute. In particular,
7 Exhibit 1007 is a deposition transcript
8 of Mr. Kawashima. Mr. Kawashima's
9 testimony was referenced in the
10 institution decision. The deposition is
11 relevant as to whether the TSE user
12 manual which we're using as prior art is
13 in fact prior art in what is a publicly
14 available document. This is a
15 deposition that Mr. Borsand, patent
16 counsel for TT, actually attended and
17 was allowed an opportunity to
18 cross-examine Mr. Kawashima. In fact,
19 TT is the only counsel of record that
20 has had an opportunity to speak to
21 Mr. Kawashima.

22 Additionally, late last night

1 Trading Technologies requested that we
2 make Mr. Kawashima available for
3 deposition. We're not under any
4 obligation to make Mr. Kawashima
5 available for cross. The deposition
6 transcript was not prepared for this
7 preceding and, in fact, TT has already
8 had an opportunity to cross-examine
9 Mr. Kawashima with TT's counsel
10 Mr. Borsand present.

11 We note that a Japanese
12 resident such as Mr. Kawashima, and at
13 this point we believe he is a Japanese
14 resident, we'll get to that in a second,
15 is beyond the jurisdiction of the US
16 courts. We can't compel him to come
17 here, and taking a deposition in Japan
18 is a difficult and lengthy process
19 involving coordination between the
20 countries. Despite those facts, we have
21 tried to locate Mr. Kawashima. And, in
22 fact, just to determine whether he is

Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
