Subject: Schedule for CBM2015-00161, -0035, -00172, -00040, -00179, -00181, and -00182

Your Honors:

Patent Owner would like to schedule a call with the Board to request a one-month extension of the consolidated schedules (including potentially the October 19, 2016 hearing date) in CBM2015-00161, -0035, -00172, -00040, -00179, -00181, and -00182, which currently have Patent Owner Responses due on June 27, 2016. Petitioner opposes Patent Owner's requesting an extension. Both parties are available for a conference call after 10:30 am EST this Wednesday, June 23.

Patent Owner's in-house counsel Steve Borsand, who has been deeply involved in these proceedings as backup counsel, recently fell very ill. He been unable to provide significant input on the Patent Owner Responses due to severe pain, dizziness, fatigue, fainting, inability to focus, immobility, and complications from his prescribed medication.

Given Mr. Borsand's deep involvement in the proceedings and his current poor health, Patent Owner believes there is good cause for an extension. 37 C.F.R. 42.5(c)(2). In fact, the Federal Circuit recently granted an extension for Patent Owner's reply brief in Trading Technologies v. CQG, No. 16-1616, because of Mr. Borsand's health. Patent Owner proposes to follow up with the Board and with Petitioner regarding Mr. Borsand's progress within two weeks of the granting of any extension.
