PART 7

Accommodations and Meals Package

Accommodations and meals packages include hotel accommodations and meals. They vary considerably. Some include three meals per day; others include certain specified meals: full English breakfast daily or dinner the second night, for example. Some include free access to sports facilities such as golf courses and tennis courts; others offer discounts on sporting activities. Some also offer sightseeing and other entertainment.

Accommodations Package

Accommodations packages normally include lodging alone. They are really just discounts on room rates. Some are only available for particular seasons or on specified dates. Others are limited to particular numbers of nights.

Accounting

Accounting has been broadly defined as "the process of identifying, measuring, and communicating economic information to permit informed judgments and decisions by users of the information." In practical terms, it is the process of analyzing, recording, classifying, reporting, and interpreting financial information that reflects the financial condition of an organization.

Accounting Cycle

Accounting cycle is a term that refers to a sequence of procedures used to record and summarize transactions for an accounting period; to organize the summary data into financial reports, called statements; and to prepare for the next sequential accounting period.
