Subject: Manager Trading Sales Support - Mike Burns - New Role
Importance: High

Hi,

BurnZ has a new role effective immediately within sales. I am pumped. He is pumped. I hope all of you in sales are equally pumped.

BurnZ will focus all his efforts on helping our sales team with the hunt. He will be responsible for helping sales personnel with trading knowlege, the compelling reasons to take the system if you are a trader, visiting customers together with sales personnel to help the sales effort etc. Please make use of BurnZ everywhere you think he can help. As we have a unique time period to sell the hell out of MD Trader, please make special use of BurnZ. BurnZ is no longer on commissions, he will participate in no aspect of your commissions.

Dominate,
g
