DOCKET
ALARM

Find authenticated court documents without watermarks at docketalarm.com.

Designed for the most demanding users,
it delivers a potent combination of real-time
information and powerful analysis tools.

Whether you need to make a split-second
or analyse a financial instrument in depth,
3000 Xtra equips you to make the best
investment decisions.

Perform complex analysis easily – pre-built models and calculations easy whilst Reuters 3000 Xtra's flexibility to create your own analyses, whether simple or complex

Research quickly and efficiently – with historical data and powerful charting capabilities, you can build a comprehensive picture of an instrument or market

Communicate with customers and colleagues – interactive secure Reuters Messaging means you can exchange ideas and strategies with contacts across the markets

Stay in touch with the markets wherever you are – Xtra Companion enables you to follow the markets on your smartphone or your PDA

integrated with market data, allowing quick cross-referencing between price quotes, graphics, and news.

...organised for 'at-a-glance' viewing...

Our news is indexed and organised into intuitive displays linked to related news, quotes and charts so you can see at a glance how a market or instrument is performing.

With ready-made analyses...

Reuters 3000 Xtra contains 120 pre-built Xtra Market Suite (XMS) models providing analysis, pricing and modelling across FX and money markets, equities, fixed income and commodities and energy.

Track financial data trends...

Historical data across asset classes can be exported for analysis or charted using our own graphics package.

Reuters Messaging provides highly secure, high-performance instant messaging integrated into Reuters 3000 Xtra so you can discuss markets and strategies or broadcast information to clients and colleagues.

With Reuters 3000 Xtra Companion you can follow the markets when you're out of the office via an internet-connected PC or a handheld computer.

Reuters 3000 Xtra means you can act with the confidence that your decisions are backed up with the best information and if you are in a customer-facing role, you can spot opportunities easily and deliver better service to customers.

covered and the depth of detail available across all asset classes. From forex to fixed income and derivatives, a vast range of market data from exchange and over-the-counter

...or your own customised calculations...

Screens can be easily customised, and powerful calculation functions enable data to be manipulated and analysed within Microsoft® Excel.

..and see what the press have been saying...

The press database within Reuters 3000 Xtra contains years of news history so you can research market activities easily.

Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
