PETITIONER'S NOTICE OF SUPPLEMENTAL EVIDENCE

PETITIONER'S NOTICE OF SUPPLEMENTAL EVIDENCE

Petitioner Xilinx hereby submits a supplemental declaration of Dr. A. Bruce Buckman in support of its Petition for Inter Partes Review of U.S. Patent No. 5,632,545. [Ex. 1021] On September 13, 2013, Patent Owner Intellectual Ventures filed an objection to two of Dr. Buckman's declaration (Ex. 1012 and 1013), on the grounds that he is not a qualified expert (despite his nearly 45-year career as a professor of electrical engineering specializing in optics). Dr. Buckman's supplemental declaration explains how his education, experience, and writings are relevant to the subject matter of the '545 patent. Dr. Buckman also provides an excerpt from his textbook that is directly relevant to the objections raised by IV. [Ex. 1022]

These submissions are authorized by 37 C.F.R. § 42.64(b)(2), which permits a party to submit supplemental evidence in response to an objection.
