PETITIONER'S NOTICE OF SUPPLEMENTAL EVIDENCE

PETITIONER'S NOTICE OF SUPPLEMENTAL EVIDENCE

Petitioner Xilinx hereby submits a supplemental declaration of Dr. A. Bruce Buckman in support of its Petition for Inter Partes Review of U.S. Patent No. 5,779,334. On July 9, 2013, Patent Owner Intellectual Ventures filed an objection to Dr. Buckman's original declaration, on the grounds that he is not a qualified expert (despite his nearly 45-year career as a professor of electrical engineering specializing in optics). Dr. Buckman's supplemental declaration explains how his education, experience, and writings are relevant to the subject matter of the '334 patent. Dr. Buckman also provides an excerpt from his textbook that is directly relevant to the objections raised by IV.

These submissions are authorized by 37 C.F.R. § 42.64(b)(2), which permits a party to submit supplemental evidence in response to an objection.

A revised exhibit list is attached below.
