PATENT OWNER'S REQUEST FOR ORAL ARGUMENT

Patent Owner's Request for Oral Argument

In accordance with Bd. R. 42.70(a) and the Board's Scheduling Order (Paper No. 15), patent owner requests oral argument. The issues to be argued include:

1. whether the petitioner has sustained its burden on the instituted grounds (including the asserted combination of Takanashi and Lee (including whether a change in position on Lee by petitioner or the Board amounts to a new ground of unpatentability); and the lack of credibility of petitioner's witness);
2. whether the proposed substitute claims are patentable (including the lack of credibility of petitioner's witness);
3. whether the patent owner's motion to exclude should be granted; and
4. any issues noted in petitioner's request for oral argument or otherwise raised by the Board.

Patent owner requests one hour for its arguments, and also requests audio visual equipment to display demonstrative exhibits, including the use of a projector and screen for power point display.

Respectfully submitted,

Dated: December 18, 2013
