P R O C E E D I N G S

COURT SECURITY OFFICER: All rise.
All rise for the jury.
(Jury in.)
THE COURT: Please be seated.

1 All right. Counsel, you may proceed.

2 MR. BOBROW: Thank you, Your Honor.

3 ROBERT D. SHORT, III, Ph.D., PLAINTIFF'S WITNESS,

4 PREVIOUSLY SWORN

5 CROSS-EXAMINATION (CONTINUED)

6 BY MR. BOBROW:

7 Q. Good afternoon, Mr. Short.

8 A. Good afternoon. Thank you.

9 Q. Welcome back.

10 I have just a few more questions for you on a
11 couple of topics, okay?

12 A. Yes, sir.

13 Q. Thank you.

14 I think where we broke for lunch was I was
15 asking you about some of the efforts that SAIC made
16 after SAIC had decided to stop trying to seek funds from
17 the commercial market in the summer of 2001.

18 Do you recall that?

19 A. Yes, sir.

20 Q. What I had asked you about was whether SAIC
21 had made an approach to a government agency called OSIS
22 in the summer of 2001.

23 Do you recall that?

24 A. Yes, sir.

25 Q. Let me please -- and I believe, sir, your

1 testimony may have been -- and forgive me if I've gotten
2 this wrong -- that you weren't sure whether there was
3 such an approach to OSIS; is that right?

4 A. Yes, sir. It was not a name that rang a bell
5 in my head.

6 Q. Thank you.

7 All right. So what I'd like you to do, then,
8 is take a look at the exhibit that I mentioned right
9 before the break, and that's Exhibit 3347.

10 And, sir, Exhibit 3347 should also be on the
11 screen in front of you. And it appears to be a
12 presentation from SAIC to OSIS dated June 6th of 2001.

13 Do you see that?

14 A. Yes, sir.

15 Q. Do you see, for example, that Mr. Munger's
16 name is listed on this presentation, right?

17 A. Yes, sir.

18 Q. And you see also that your name is listed on
19 this presentation as well?

20 A. Yes, sir.

21 Q. And Mr. Zimmet as well?

22 A. Yes, sir. I don't recall that name.

23 Q. All right. So in all events, you and
24 Mr. Munger were involved in this presentation to OSIS,
25 correct?

1 A. Yes, sir, it appears so.

2 Q. And does this refresh your memory that you,
3 indeed, were so involved?

4 A. Not really, but I believe that I probably was.
5 My name is on there.

6 Q. Right. And OSIS, as you recall, was a
7 government agency that was involved in intelligence,
8 don't you?

9 A. I seem to recall that, yes, sir.

10 Q. And one of the things that you did when you
11 went to OSIS in the summer of 2001 was you were trying
12 to interest OSIS in your invention, right?

13 A. Yes, sir.

14 Q. You were hoping to get OSIS to help fund the
15 continuing development of your invention, right?

16 A. Yes, sir.

17 Q. So one of the things that you had to do to get
18 them interested in your invention was to describe it to
19 them, right?

20 A. Yes, sir.

21 Q. And one of the things that you did on
22 Page 3 -- if you'd take a look there, please, Page 003
23 at the top -- was you wanted to let OSIS know what the
24 problem was that your invention was trying to deal with,
25 right?

Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
