

# Computer Networks and ISDN Systems

## Volume 29, Number 15, November 1, 1997

Steve Benford and Dave Snowdon and Chris Brown and Gail Reynard	<a href="#">Visualising and populating the Web:</a> Collaborative virtual environments for browsing, searching and inhabiting Webspace . . . . .	<a href="#">1751--1761</a>
Daniel M. Kohn	<a href="#">Providing global broadband Internet</a> access using low-earth-orbit satellites	<a href="#">1763--1768</a>
E. J. W. West	<a href="#">Using the Internet for business --- Web</a> oriented routes to market and existing IT infrastructures . . . . .	<a href="#">1769--1776</a>
Christine Cahoon and George Dunn and Majella McCarron and George Munroe	<a href="#">Environment to inspire network users</a> (ETINU). The development of a complete online support system . . . . .	<a href="#">1777--1785</a>
Robert Grebner	<a href="#">Use of instructional material in</a> universal teleteaching environments . . . . .	<a href="#">1787--1797</a>
C. I. Dalton and J. F. Griffin	<a href="#">Applying military grade security to the</a> Internet . . . . .	<a href="#">1799--1808</a>
Douglas H. Steves and Chris Edmondson-Yurkanan and Mohamed Gouda	<a href="#">Properties of secure transaction</a> protocols . . . . .	<a href="#">1809--1821</a>
Bert-Jaap Koops	<a href="#">Crypto regulation in Europe. Some key</a> trends and issues . . . . .	<a href="#">1823--1831</a>
Uwe Horn and Bernd Girod	<a href="#">Scalable video transmission for the</a> Internet . . . . .	<a href="#">1833--1842</a>
J. Schönwälder	<a href="#">Network management by delegation ---</a> From research prototypes towards standards . . . . .	<a href="#">1843--1852</a>

---

# Computer Networks and ISDN Systems

## Volume 29, Number 16, December 15, 1997

Tai H. Noh and Dhadesugoor R. Vaman and Xuedao Gu	<a href="#">Reconfiguration for service and</a> self-healing in ATM networks based on virtual paths . . . . .	<a href="#">1857--1867</a>
Jonathan Weinstock and Rajiv Tewari	<a href="#">An object-oriented approach to the</a> management of distributed application systems . . . . .	<a href="#">1869--1879</a>
A. La Corte and A. Lombardo and G. Schembra	<a href="#">An analytical paradigm to calculate</a> multiplexer performance in an ATM multimedia environment . . . . .	<a href="#">1881--1900</a>
Nima Ahmadvand and Terence D. Todd	<a href="#">Dual-hop LANs using a wavelength routing</a> cross connect . . . . .	<a href="#">1901--1917</a>
Hoon Lee and Yoshiaki Nemoto	<a href="#">Providing the statistical QoS objectives</a> in high-speed networks . . . . .	<a href="#">1919--1931</a>
Shie-Jue Lee and Yu-Wen Lai and Jian-Jou Lai and Chi-Jong Chang	<a href="#">A slot reuse scheme for CBMA networks</a>	<a href="#">1933--1951</a>
