

Computer Networks and ISDN Systems

Volume 29, Number 15, November 1, 1997

Steve Benford and Dave Snowdon and Chris Brown and Gail Reynard	Visualising and populating the Web: Collaborative virtual environments for browsing, searching and inhabiting Webspace	1751--1761
Daniel M. Kohn	Providing global broadband Internet access using low-earth-orbit satellites	1763--1768
E. J. W. West	Using the Internet for business --- Web oriented routes to market and existing IT infrastructures	1769--1776
Christine Cahoon and George Dunn and Majella McCarron and George Munroe	Environment to inspire network users (ETINU). The development of a complete online support system	1777--1785
Robert Grebner	Use of instructional material in universal teleteaching environments	1787--1797
C. I. Dalton and J. F. Griffin	Applying military grade security to the Internet	1799--1808
Douglas H. Steves and Chris Edmondson-Yurkanan and Mohamed Gouda	Properties of secure transaction protocols	1809--1821
Bert-Jaap Koops	Crypto regulation in Europe. Some key trends and issues	1823--1831
Uwe Horn and Bernd Girod	Scalable video transmission for the Internet	1833--1842
J. Schönwälder	Network management by delegation --- From research prototypes towards standards	1843--1852

Computer Networks and ISDN Systems

Volume 29, Number 16, December 15, 1997

Tai H. Noh and Dhadesugoor R. Vaman and Xuedao Gu	Reconfiguration for service and self-healing in ATM networks based on virtual paths	1857--1867
Jonathan Weinstock and Rajiv Tewari	An object-oriented approach to the management of distributed application systems	1869--1879
A. La Corte and A. Lombardo and G. Schembra	An analytical paradigm to calculate multiplexer performance in an ATM multimedia environment	1881--1900
Nima Ahmadvand and Terence D. Todd	Dual-hop LANs using a wavelength routing cross connect	1901--1917
Hoon Lee and Yoshiaki Nemoto	Providing the statistical QoS objectives in high-speed networks	1919--1931
Shie-Jue Lee and Yu-Wen Lai and Jian-Jou Lai and Chi-Jong Chang	A slot reuse scheme for CBMA networks	1933--1951
