Sony Corporation of America, Axis Communications AB, Axis

Communications Inc., and Hewlett-Packard Co. (collectively, “Petitioners”)

respectfully submit this Notice concurrently with a Corrected Petition for *Inter Partes* Review of U.S. Patent No. 6,218,930 (“Corrected Petition”).

On June 27, 2013, the Board issued a Notice that confirmed that the original petition in this case was accorded the filing date of June 24, 2013 and gave Petitioners five business days from the date of the Notice to correct certain defects. Paper No. 6 at 1-2 (June 27, 2013). The Board requested that Petitioners correct the following:

- **Improper usages of claim charts: Claim charts should be presented in a readable format so that a reader (e.g., the patent owner or a deciding official) is able to locate the claim limitations and the relied-upon portions of the prior art quickly. Presenting claim limitations and prior art teachings in a single column format creates inefficiency and, at times, appears to circumvent the page limit set forth in 37 C.F.R. § 42.24. Claim limitations should be presented in a separate column (e.g., claim limitations in the left column and prior art teachings in the right column).**
- **Petitioner failed to label each exhibit with the Petitioner’s name and exhibit number affixed to the**

**lower right corner of the first page. Pursuant to 37**

**C.F.R. § 42.63(d)**

*Id.* at 2.

Petitioners respectfully submit that the Corrected Petition and accompanying exhibits correct these defects noted by the Board. Petitioners also certify that no substantive changes (e.g., new grounds) have been made in the Corrected Petition. Finally, Petitioners have submitted the Corrected Petition within five business days of the Board's notice. Accordingly, Petitioners respectfully request that the Board accept the Corrected Petition.
