P R O C E E D I N G S

(2:01 p.m.)

JUDGE GREEN: Good afternoon. Please be seated.
Welcome, everybody. This is the final oral hearing for
IPR2013-00390, which involves Patent Number 8,195,415.

The Board instituted inter partes review in this
proceeding on December 9, 2013.

At this time we would like counsel to introduce
yourselves and your colleagues, beginning with Petitioner.

MR. WISE: Your Honor, my name is Michael Wise. I
am lead counsel for Petitioner, Sequenom.

With me is my partner, Patrick Morris, and my
client, John Peterson, is in-house counsel for Sequenom.

JUDGE GREEN: Thank you. Welcome to the Board.
Patent Owner?

MR. HUNTINGTON: Good afternoon, Your Honors. I
am Danny Huntington for the Patent Owner. I have with me at
counsel table Dr. Seth Cockrum, who is one of the other
attorneys in our office.

Behind me is Dr. Sharon Crane, who is backup
counsel for this case. And then Mr. Marcus Burch, who is a
representative for Illumina, which is a licensee of the
Stanford case.

JUDGE GREEN: Okay. Thank you very much. Welcome
to the Board.

1 Consistent with our trial order, each party has 45
2 minutes to present their argument. Petitioner will proceed
3 first to present its case as to the challenged claims, and
4 you may reserve rebuttal time for the case.

5 Thereafter, Patent Owner will respond, and
6 Petitioner can reserve rebuttal time.

7 Counsel for Petitioner, do you have copies of the
8 demonstratives for the court reporter, opposing counsel and
9 the Panel?

10 MR. WISE: I do.

11 JUDGE GREEN: Thank you.

12 MR. WISE: I have already given one to the court
13 reporter. May I approach the Bench?

14 JUDGE GREEN: Yes, please. And then would you
15 like to reserve any time for rebuttal?

16 MR. WISE: I would, Your Honor. I would like to
17 reserve 10 minutes.

18 JUDGE GREEN: 10 minutes. Okay. Whenever you are
19 ready, you may proceed.

20 MR. WISE: All right. Demonstrative Exhibit 2 is
21 the cover page of the '415 patent. This is the patent
22 involving the IPR that was issued on June 9, 2012. It has a
23 provisional filing date of September 20, 2008.

24 The parties to this proceeding are no strangers to
25 each other. The inventors are Quake and Fan. The Patent

Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
