Love them. Not only are they comfortable & provide support, they keep your belly looking smooth for the best pregnancy look. **-Rita**

I went in last week to Motherhood for the first time and told them I needed some pants that didn't fall down and didn't cut off my circulation. I got the new "magic belly" pants. My husband says the color of my face changed when I put on the new pants. I could breathe! Perfect. I bought three. **-Jill**

They are comfy and affordable! I love them and my kids get a kick out of them as well...they always say "are you wearing your secret pants"? :) **-Vicki**

The Secret Fit Belly is all I wear! It keeps me comfortable and stylish throughout my entire pregnancy. It's a wonderful invention! **-Laura**

It doesn't hurt!!! The regular pants with or without elastic or even stretch pants hurt so I LOVE LOVE LOVE my secret fit belly clothes. I bought a skirt, jeans, shorts, and pants. **-Brandi**

Best maternity pants ever made. They are so comfortable and the don't slide down or squeeze my tummy like others do. I feel like I have to go to the bathroom more often with pants that have bands because they constantly squeeze my bladder but the secret fit don't do that and I am so thankful for that. **-Crystal**

I LOVE the Secret Fit Belly! the material is so much thinner, especially in these hot summer months....i'm not sweating all the time wearing them! **-Traci**

I wish these were out 5 years ago with my other pregnancy! I love them! I like to show off my little bump that is just starting to show and these do it perfectly and don't have a huge bunching of fabric like other brands. And the fact that I can wear them after the baby as I get back to my size is even better. No one will know I'm still wearing maternity clothes :) **-Lisa**
