SNUG KNEES February 22, 2011

Reviewer: **ladyinashoe "Kristen W"** (MO, USA) [See all my reviews >](#)

These are skinny jeans, not straight leg. I am 15 weeks prego, 5'6" and 120 lbs. I purchased a 4 long. These jeans look flattering but feel a little weird. The waist beneath the panel is a touch loose- so I can't go up a size, but the knees are tight. I wouldn't mind if the fabric was stretchy, but it doesn't have much give. Don't buy unless you have REALLY skinny legs!

UNCOMFORTABLE February 22, 2011

Reviewer: **Josie Bean** (Winter Park, FL) [See all my reviews >](#)

These are more like skinny jeans than straight-leg. Very tight in the calf and thigh. I found them to be very uncomfortable, especially when you're further along and the lower extremities start to swell.

LEGS ARE SNUG!! January 21, 2011

I tried on some boot cut Liz Lange maternity jeans in store to try and gauge what size I needed. So when I ordered these in the same size (4) I figured that they would fit but they are really tight in the knee and calf part of the legs. I thought they were suppose to be more "straight-leg" then "skinny." I don't think I'll return for a size 6 because they fit in the hips and thighs. They are a cute color and the panel is comfy. Basically don't buy unless you are looking for something that is very tight on your legs. I will probably only wear with knee high boots because they are too tight to wear otherwise.

GREAT JEANS! December 16, 2010

Reviewer: **sharon c** [See all my reviews >](#)

These are my first and probably only pair of maternity jeans. I am really short (5'0") and got these in a 4 short and they fit great! The length is perfect and the panel fits over my 6 month twin belly. They are very comfortable and make my legs look good, they don't even look like maternity jeans from the hips down! The only problem is that sometimes my belly gets itchy from full panels and I like to fold it down - this causes my pants to fall down too.
