## Introduction

Sonic Foundry's SIREN™ Jukebox allows you to play audio CDs and music files of various formats from your computer. SIREN Jukebox will record music from your personal CD collection to your computer for playback, as well as allow you to create custom CDs and download music to portable players.

With SIREN Jukebox, you can organize create and organize a personal music library, making it easy to locate a specific song, even in an extensive collection. SIREN Jukebox will also sort, group, and filter your music library to create custom playlists for any occasions.

This manual describes the basic features of SIREN Jukebox, and provides the procedures needed to take full advantage of the program.

## SIREN Jukebox Highlights

Siren will help build and manage your music collection by:

- Playing CDs and music files.
- Recording music from CDs to the computer for playback.
- Organizing music into playlists.
- Storing extensive database information for your music library.
- Helping you download music from the Internet.
- Creating custom CDs from your music library.
- Downloading music to portable players.

# Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

## Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

## Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

## Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

## API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

## LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

## FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

## E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
