Subject: RE: (Acer): Ericsson GPLA(PC/End-User-Terminal) - following steps

Dear Roger, for Wilan patents, we've been gathering vendors' inputs, and would need to discuss further. Is it possible to arrange another meeting before meeting in Sweden?

Main purpose is to discuss comments from Acer's vendors, including Intel, Broadcom and Atheros. Orrick will lead the discussion so I don't mind if we meet in US with your counsels there.

Kate

Subject RE: (Acer): Ericsson GPLA(PC/End-User-Terminal) - following steps

Dear Kate,

We don't expect any technical discussion for the meeting in Sweden. Both parties should aim to conclude the commercial discussion then.

BR/Roger

Dear Roger, regarding the technical discussion about Wlan patents, do you expect that we do it the same day when we visit Sweden?

Kate

Subject (Acer): Ericsson GPLA(PC/End-User-Terminal) - following steps

Dear Lydia,

Thanks for the meeting dated May 19th. Both parties have reached certain consensus regarding the issue of Ericsson patent license(PC/End-User-Terminal). I hereby summarize the action points for your reference:

[REDACTED]

[REDACTED]

PC (WLAN/WiMAX patent license)

Acer requested to have more technical discussion with the chipset suppliers. To facilitate the technical discussion, Ericsson agreed with that Acer can disclose the Chipworks documents(reverse-engineering, Acer PC vs. Ericsson WLAN patent) to Acer's suppliers. Since Ericsson has provided all the necessary technical information, we don't expect a long technical discussion in this case. Acer should make the decision and conclude the commercial discussion as soon as possible.

As both parties agreed, the next meeting will be held in Sweden. The tentative schedule is below:

Date: June 29th, 2010

Time: 09:30AM~12:00PM

Place: Ericsson office

Torshamnsgatan 21-23, Stockholm, Sweden

I would need Acer's confirmation in order to arrange the meeting. If any questions, please don't hesitate to call me.

Best Regards

ROGER TU
