### FOR IMMEDIATE RELEASE

## ZOLL Medical Completes Acquisition of Business of LifeCor, Inc.

**Monday, April 10, 2006—CHELMSFORD, MASS.**—ZOLL Medical Corporation (NASDAQ: ZOLL), a manufacturer of resuscitation devices and related software solutions, today announced that it had completed the acquisition of the assets of Lifecor, Inc., a privately owned medical equipment company that designs, manufactures and markets a wearable external defibrillator system. ZOLL had announced on March 22, 2006 that it had exercised a previously granted option to acquire the assets.

As a result of the transaction, ZOLL acquired Lifecor's assets and business, assumed Lifecor's outstanding debt of approximately \$5.8 million (plus an additional \$3.0 million owed to ZOLL), and also assumed certain stated liabilities of approximately \$1.5 million. Additional consideration will be in the form of earn-out payments to Lifecor based upon future revenue growth of the acquired business over a five-year period.

ZOLL will operate the Lifecor business through its ZOLL Lifecor subsidiary, based in Pittsburgh, Pennsylvania.

The principal acquisition agreements between ZOLL and Lifecor were filed by ZOLL with the Securities and Exchange Commission on September 20, 2005 as exhibits to a current report on Form 8-K.
