Counsel:

Pursuant to 37 C.F.R. 42.64(b)(1), Neptune hereby provides notice of its objections to AKBM Ex. 1107, which was served with Petitioners' Reply on September 18, 2014. The correspondence between Neptune and the FDA contained in Ex. 1107 is irrelevant to the alleged anticipation by Beaudoin, and Petitioners' argument regarding this exhibit is misleading. Neptune intends to move to exclude this exhibit pursuant to Federal Rules of Evidence 402 and/or 403.

Neptune is willing to meet and confer with Petitioners regarding its objections if Petitioners wish to do so.

Regards,  
Laura
