Naming of the inventor

The naming of the inventor must occur if the applicant is also the inventor.
If the applicant is the co-inventor, then he/she is also to be co-named.

Official reference numbers (if already known)

Title of the invention (please provide in full)

Self-expanding heart-valve prosthesis for implantation into the human body by means of a catheter system

Inventor (if more than four inventors, please use separate sheet)

Table with 2 columns: (1) First and last name, Address; (2) First and last name, Address. Includes names Hans-Reiner Figulla and Markus Ferrari.

The right to the patent is assigned to the applicant by:

(e.g., inventor(s) is(are) the applicant(s), use based on §§6 and 7, Employees' Inventions Act (ArbnErfG), sales contract providing date, inheritance, and so on)

Empty box for providing details of the patent assignment.

It is declared that, to the knowledge of the undersigned, no other persons are party to the invention .

Göttingen, on 12 Dec 95

[illegible]

Handwritten signature of the applicant or representative.

Personally inscribed signature of the applicant or of the applicant and the representative. For the firm, provide precise, registered name of the firm.

Application to Not be Named as Inventor

Only to be filled out by those of the abovementioned inventors who wish not to be announced to the outside (§63, para. 1, p. 3, PatG). The application may be withdrawn at any time. Renunciation of the inventor to naming is without legal force (§63, para. 1, p. 4 and 5, PatG).

- Application is made to not announce publicly the undersigned in the abovementioned patent application as inventor. The reason for the above inventor naming is stated only upon substantiation of a legitimate interest.

Personally inscribed signature of the inventor or of the inventor

Explore Litigation Insights

Docket Alarm provides insights to develop a more informed litigation strategy and the peace of mind of knowing you're on top of things.

Real-Time Litigation Alerts

Keep your litigation team up-to-date with **real-time alerts** and advanced team management tools built for the enterprise, all while greatly reducing PACER spend.

Our comprehensive service means we can handle Federal, State, and Administrative courts across the country.

Advanced Docket Research

With over 230 million records, Docket Alarm's cloud-native docket research platform finds what other services can't. Coverage includes Federal, State, plus PTAB, TTAB, ITC and NLRB decisions, all in one place.

Identify arguments that have been successful in the past with full text, pinpoint searching. Link to case law cited within any court document via Fastcase.

Analytics At Your Fingertips

Learn what happened the last time a particular judge, opposing counsel or company faced cases similar to yours.

Advanced out-of-the-box PTAB and TTAB analytics are always at your fingertips.

API

Docket Alarm offers a powerful API (application programming interface) to developers that want to integrate case filings into their apps.

LAW FIRMS

Build custom dashboards for your attorneys and clients with live data direct from the court.

Automate many repetitive legal tasks like conflict checks, document management, and marketing.

FINANCIAL INSTITUTIONS

Litigation and bankruptcy checks for companies and debtors.

E-DISCOVERY AND LEGAL VENDORS

Sync your system to PACER to automate legal marketing.
