ORDER
Conduct of Proceeding
37 C.F.R. §42.123

IPR2014-00416 and IPR2014-00417
Patent 8,217,612 and Patent 7,579,802

By email October 6, 2014, Petitioner seeks authorization to file motions to replace certain exhibits with corrected versions. Petitioner states the versions of these exhibits currently uploaded to the PRPS system have incomplete figures. Petitioner also indicates that Patent Owner does not oppose. No conference call is necessary to discuss this issue.

Authorization is hereby granted to Petitioner to file a motion in each of the above-captioned cases (the parties may not use a combined caption) seeking to file replacement exhibits. Petitioner must indicate in the motions what portions are defective, how the defects occurred, when the defects were discovered, and how they are to be corrected in any replacement. Petitioner must also state that, other than the portions being replaced, the exhibits do not differ in any other way from the corresponding exhibits originally filed.
